Easy setup. A perfect projection screen.

AIRSCREEN® quality sets the industry standard. Beautiful to look at with a stretched, tight, wrinkle free professional seamless screen surface. So much more than just any inflatable movie screen. AIRSCREEN® guarantees the highest quality, as originally invented in 1994, and improved with time and experience.

World's Leading Portable Outdoor Movie Screen

When it comes to quality, these portable projection screens outperform any other inflatable movie screen on the market. State-of-the-art craftsmanship and materials, easy operation, three year warranty, and 24/7 access to the industry's most experienced support team.

Unrivaled Ease

Set up a 20' screen in 20 minutes. The favorite of professional outdoor cinema operators. Endorsed by parks, hotels/resorts, film festivals, governments, studios, and sports venues.

Amazing Performance and Value

Patented features and field-tested designs make AIRSCREEN® tough as a beast but a beauty to transport and operate. Our seamless screen surface stays flat and stable in wind up to 24 mph.

Service, Service, Service

Honest, candid advice plus super-smart technical support and our 3-year warranty backed by a team celebrating 20 years of keeping customers happy, successful and safe.

Panasonic PT-MZ882

Tuned for optimal brightness and color, the Panasonic PT-MZ882 laser-light optical engine continuously adjusts its 8,200-lumen image to the ideal balance of brightness and vivid color. Panasonic's Dynamic Contrast module analyzes input frame-by-frame then precisely adjusts output to accurately reproduce scenes where light and dark images frequently interchange. Proprietary circuitry also analyzes individual frames to clarify fine details, sharpen outlines, correct contours, and reduce ringing noise. With pin-sharp WUXGA (1920x1200) native resolution and 3,000,000:1 dynamic contrast, the PT-MZ882 comes with a versatile powered zoom lens (throw ratio 1.6-2.76:1), powered vertical/horizontal lens shift and keystone correction to quickly align images on big screens. Panasonic's laser diodes deliver up to 24,000 hours of bright color and virtually maintenance-free operation. Compared to a traditional 8,200 lumen lamp source, you'll be amazed by the richer colors and spectacular contrast of this laser-powered projector.

What's included

- Wireless remote control unit and batteries
- Lens cover
- Power cord (3.0m)
